

Introducing Impact Group

The Impact Group is your trusted partner in utility management, delivering innovative solutions that span metering, renewable energy, compliance, analytics, and energy brokerage. By leveraging our strategic partnerships with industry leaders, we ensure our clients receive the best solutions tailored to their needs.

Our Divisions

Connection

Offering Comprehensive Multi-Utility Connection Solutions with Expert Project Management

Measure

Metering solutions that improve accuracy and efficiency from installation to ongoing monitoring.

Monitor

Incorporate our software to streamline your services and add a forward-thinking approach to your business.

Improve

Ensuring business compliance with industry regulations and legal standards without needing an in-house team.

Benchmark

We secure optimal utility rates for electricity, gas, and water, providing cost-effective solutions tailored to your needs.

Generation

Providing Creative Renewable Energy Solutions for a Sustainable Tomorrow

Our Approach

By integrating services across our multiple divisions, we deliver a seamless client experience. From installation and compliance to data analytics and energy sourcing, The Impact Group is your one-stop partner for total utility management

This approach ensures that every solution is not only effective but also sustainable, future-focused, and tailored to your needs.

Our Advantages

At The Impact Group, we offer decades of industry experience and a reliable partnership for your utility management needs.

Our integrated approach, commitment to sustainability, and strategic partnerships exceed standards and expectations.

We aim to help you reduce costs, increase efficiency, and make environmentally friendly choices that positively impact your business and the planet.

Our technology partnerships energy suppliers, and industry experts to deliver innovative, flexible, and scalable solutions that adapt for the future.
